Overman Wires That Sailing Would Be Contempt of Court

## GOMPERS WILL BE A WITNESS

More Letters Published, Including One from Ex-Congressman Haskins

Washington, July 2.—Following the receipt of a message from John Kirby, former president of the National Association of Manufacturers, protesting he could not appear before the Senate investigating committee, in connection with the Mullhall charges, without losing passage money he had paid for a voyage to New Zealand. Chairman Overman yesterday telegraphed the United States marshal in San Francisco to admonish Kirby that if he sailed it would be in contempt of the Senate subpoena and a punishable offense.

The Senate committee resumed its hearing of testimony this morning, instead of waiting for another week. The members of the committee feel that the charges made by Col. Martin M. Mullhall, former lobbyist at Washington, are so important that they must be thoroughly investigated at once. For this reason, the committee plans to clear up other phases of the inquiry as soon as possible, so as to be in a position for a thorough probe of the Mullhall charges in a few days.

The committee will devote its time for the next few days to investigating the charges made by Judge Lovett in connection with the Union Pacific dissolution. This phase of the inquiry ranks in importance with the Mullhall charges, and important witnesses are to be examined. The Mullhall charges have deeply stirred members of Congress, and the Senate committee is determined that they shall be sifted to the bottom. In accordance with this determination, every man named, who can be reached, will be summoned to Washington to testify before the committee. It was said yesterday that Vice-President Marshall would be a witness to tell of incidents in the campaign in Indiana, when he ran against James E. Watson for governor in 1908.

Frank Morrison, secretary of the American Federation of Labor, made public a report of President Samuel Gompers in November, 1907, to the annual convention of the federation, in which Gompers told of alleged activities on the part of the National Association of Manufacturers in an effort to discredit Gompers and injure the labor organization. Gompers reported on an interview he had in New York with Broughton Brandenburg, now in Sing Sing, being careful to have other labor leaders present at the conference.

Gompers in his report said that Brandenburg tried to get him to sign a "strange confession." He was told, he said, that the officers of the National Association of Manufacturers were aware of many evil things in his life, but would take care of him financially for life if he would sign the document and later resign from the presidency of the organization and give up its secrets.

Members of the committee hope that by July 8, the time originally set for the resumption of the inquiry, they will have cleared up the testimony on the Union Pacific charges. They intend to rush this part of the inquiry at once.

Accordingly, telegrams were yesterday dispatched to Paul D. Cravath, Lewis Cass Ledyard and Maxwell Evars, New York lawyers, and to David Lamar, the Wall Street operator, summoning them to appear before the committee in Washington to-day. The committee intends to pick up the story of the Union Pacific hold-up where it was dropped by Representative A. Mitchell Palmer and Edward Lauterbach and to rush this phase of the inquiry to a prompt conclusion.

From the testimony of Mr. Ledyard, the committee expects to be able to establish the identity of the mysterious individual who represented himself over the telephone at one time as Representative Daniel J. Rorand, the Tammany congressman, and again as Representative A. Mitchell Palmer of Pennsylvania, the Democratic leader.

association to aid the election fight of congressmen.

According to the letters, the association had determined on the defeat of Congressman Gardner. Gardner had introduced a bill opposed by the association. Col. Mullhall in reporting on his efforts to bring about Gardner's defeat, wrote as follows:

"In my interview with Mr. Sherman, chairman of the national Republican congressional committee, he distinctly told me that we ought to defeat Gardner at the coming primary election, if possible. Mr. Sherman also stated that he had done all he possibly could to stop Gardner from getting those radical bills before Congress, and he had talked with him along party lines, but had been unable to do anything with him."

Other letters and reports show how Mullhall worked in New Jersey in 1908 to defeat Gardner.

Among the documents is a seven-page letter written by Congressman Kitchin to Mullhall in May, 1908, appealing for aid in the coming election. In a letter from Chicago in June, 1908, during the convention, Mullhall wrote as follows to Haskins:

"I had Mr. Schwedman, at the St. Louis office, send you \$300 yesterday by wire. In addition to this, we have written to every manufacturer in your district, and I am told we are given some very nice letters in return. If you answer this, let me know if our people are doing anything for you outside of the money that was sent you by Mr. Emery and our New York office, and this that Mr. Schwedman sent you yesterday."

Concerning the efforts of the Manufacturers' association to aid the re-election of Congressman John J. Jenkins of Wisconsin, Mullhall's documents contain a letter from Secretary Schwedman to Congressman Jenkins, asking the latter to inform the association as to the "amount needed as well as to future requirements." In a letter to Mullhall, Jenkins said that Col. Mullhall could get the money in the right way," he tells Mullhall.

In a telegram to Schwedman from Superior, Wis., on June 20, 1908, Mullhall said:

"I should advise sending our man (meaning Jenkins) \$3,000 at once. He will need eight or ten thousand to win."

Other letters and telegrams show that the association thought these figures very high. Finally Mullhall wrote:

"Have given you the rock bottom figure. I have cut in half what his managers said would be required, but I believe it can be done at my figures."

Col. George Pope, president of the National Association of Manufacturers, gave out a statement Monday night, in which he said that Col. Mullhall had been discharged by the association for using the association to further private ends. Mullhall, he says, speaks falsely in charging that the association attempted to dictate legislation. Col. Pope welcomes a Senate inquiry and believes that all fair-minded men will be convinced of the falsity of the Mullhall charges. The statement begins:

"The charges of Martin W. Mullhall, appearing in the New York World in reference to the political activities of the National Association of Manufacturers, deserve attention. We shall endeavor to see to it that not only the subject matter of these charges, but the whole field of matters relating to so-called labor legislation at Washington shall receive the fullest possible investigation and publicity, for the subject is one of the most vital and important now before the American public."

"As to explanation or answer in respect to particular items in the so-called disclosures, we shall await the action of the Senate committee, before whom Mr. Mullhall has been subpoenaed to the end that under oath and before an official body the particulars of the indictment may be made authentic and specific. We trust the action of that committee will be speedy and thorough, and if desired will co-operate with it in every way possible to ascertain the full truth."

## NEW WAY TO "BUST" TRUST

Shown in the Union Pacific Railroad Dissolution

## MONOPOLY HAS BEEN BROKEN

Control Through Stockholders Prevented, It Is Claimed

Washington, July 2.—Scarcely had publicity been given to the government-approved plan for dissolution before comment was heard upon its reflection of the attitude of Attorney General McReynolds towards the "trusts." It was generally recognized that the plan marked a distinct departure in the dissolution of offending corporations under the Sherman anti-trust law. Particularly was the plan compared with the Standard Oil and Tobacco dissolution decrees. Supporters of the administration pointed out the plan compared with the Standard Oil and Tobacco decrees, they said, the stockholders were left free to hold stock in the rival corporations, which succeeded the parent corporation, thus effecting a dissolution only in name and that what the offending corporation did before the decree the stockholders had been doing since the decree. It was declared that the difficulty of the stockholders acting in union has not been sufficient to bring about competition among the subsidiary companies.

## CAUCUS CLOSES ON TARIFF

Only Administrative Features Remain.

Washington, July 2.—Discussion of administrative features of the tariff bill was taken by the Senate caucus. Democratic leaders were endeavoring to close up the bill before adjournment last night if possible. Reconsideration of last night's action in striking from the income tax section the amendment exempting mutual life insurance companies, surplus funds applied to the benefit of policy holders was among the first taken up.

Income Tax Bill Approved.

Democrats of the Senate in caucus have approved the income tax section of the tariff bill as revised by the majority members of the finance committee, voting, however, to strike out the amendment which would exempt mutual life insurance companies from the tax. As approved by the caucus, the Senate finance committee amendment stands, exempting incomes of \$3,000 for single persons, with \$1,000 additional for a married man or woman with a taxable income, and \$500 for each dependent minor child not to exceed two. After many suggestions to extend the exemptions or dependents upon a family, the Democrats finally concluded that they were getting into deep water, and agreed to the committee's change, which reduced the normal exemption as proposed in the House bill from \$4,000 to \$3,000.

The action of the caucus in striking out the mutual insurance company amendment was agreed upon just before amendment was agreed upon just before. In the House bill, mutual life insurance companies were not exempted from the terms of the income tax, and vigorous protests were made by all the mutual life insurance companies to the finance committee. It was finally agreed by the committee that mutual companies not conducted for profits should have been exempted from the tax and the earnings applied for the benefit of policyholders. Senator Pomerene made the motion to strike out this amendment, and it was carried by a vote of 13 to 11. Because the caucus was so amply attended, members of the committee thought the matter should be presented to the full Democratic membership, and Senator Lewis of Illinois, who had voted for the Pomerene motion, moved to reconsider the matter. It will be taken up again.

## SACKVILLE CASE GIVEN TO JURY

The Noblewoman Denies Influencing Sir John Scott in Making Will.

London, July 2.—Lady Sackville and her family yesterday entered a general denial of the allegations made by the relatives of the late Sir John Murray Scott that they had influenced Sir John to leave them the bulk of his fortune of \$5,000,000 or that Lady Sackville had alienated him from his family.

The testimony for the defense being concluded, Sir Edward Carson, counsel for the Sackvilles, addressed the jury. He first asked the judge to declare that no evidence had been brought forward to show the existence of a codicil to the will which Sir John Murray Scott was alleged to have made in 1910 or 1911, revoking the legacy to Lady Sackville, or that there was any evidence of fraud or undue influence against the Sackvilles.

The judge, however, decided the case must go to the jury.

## HOTTEST DAY OF THE YEAR

Three Deaths in Boston Yesterday From the Heat—One Hundred Prostrations.

Boston, July 2.—Yesterday was the hottest day of the year in Boston, the official thermometer registering ninety-six degrees. John F. Connor died and a man and woman being treated for sunstroke died in Boston hospital last night, making three deaths from the heat yesterday. One hundred were prostrated.

The heat caused a riot in which several were stabbed at the South end. Trouble started in a crowd gathered about a woman who had been prostrated. In the crowd were two hostile factions of the Syrian colony living there. After jostling, children began quarrelling, after which older ones took a hand, knives, stones and brooms being used.

Two were taken to a hospital with stab wounds and others are believed to be nursing wounds behind closed doors. One person was arrested.

## She Had Consumption, Was Dying; Now Well

Eckman's Alternative is being used with success in the treatment of tuberculosis in all parts of the country. Persons who have taken it, improved, gained weight, exhausting night sweats stopped, fever diminished, and many recovered. If you are interested to know more about it, we will put you in touch with some who are now well. You can investigate and judge for yourself. Read of Mrs. Govett's recovery.

"Gentlemen: Thinking that perhaps a short history of the remarkable recovery of my mother-in-law (Mrs. Anna Govett) might benefit some other sufferers, I give the following testimonial: About September 10, 1908, she was taken sick with Catarrhal Pneumonia, and continually grew worse, requiring a trained nurse. Night sweats were so bad that it was necessary to change her clothing once or twice every night; her cough increased and got so bad that she could not sleep. She was not able to live much longer. In January, when Rev. Wm. Berg, of St. Michael's Church, at Shreveville, Ind., prepared for her death, he recommended that I get Eckman's Alternative, and see if it would not give her some relief. I gave her the Alternative, and after a few days she was able to get up and give her diagnosis and be informed that she had Consumption and was being cured. I was so glad to hear of it that I bought a bottle of Eckman's Alternative, and saw if I could not get her some relief.
